

WE'RE BACK! Bigger and Better than ever!

We will be gathering again at a series of events over the summer, culminating in a real Arts in the Park on

October 3rd, 2021

Dear Potential Sponsor:

Arts in the Park is one of the area's largest outdoor festivals, and Friends of High School Park is hard at work to make the 26th Annual our triumphant return and most successful event ever!

You are invited to choose from the attached list of 2021 sponsorship levels and benefits. This year's big event will be on Sunday October 3rd, 2021, rain or shine and your sponsorship will be highlighted throughout our summer activities (***please note the change from a spring festival to a harvest festival for this year, based on public health projections***).

For 26 years, community-minded individuals just like you have made this unique event possible, so friends and neighbors come together at High School Park. Your sponsorship will be featured in our materials as our recognition for your support. We will continue to feature Sustainable Cheltenham, the annual environmental awareness event of the Cheltenham Environmental Advisory Council. We now reach even more members of our community with a shared commitment to the environment.

High School Park is a beloved resource and destination for dog walkers, school groups, residents, and community volunteers. An unexpected consequence of COVID restrictions this year led more neighbors to discover High School Park than ever before! They came to events such as outdoor mini-concerts, art installations, a dog parade, and a Halloween Parade!

All proceeds support the ecological restoration of our award winning 11-acre natural open space. Friends of High School Park has a comprehensive plan to guide our volunteer restoration efforts. In recent years we have installed a major rain garden project and other new planting areas, built a new entranceway, and installed a pet and (hopefully re-opened soon!) people water fountain. The goats helped us clear the overgrown hillside on High School Road last fall, and we are working on a plan to improve that area with native plants and landscaping. With such commitments comes a bigger funding challenge!

Please consider participating at the **highest level** possible! We will give you a call soon to discuss this opportunity. We look forward to speaking with you soon.

Sincerely,

Gail Korostoff and Amy Brewstein, Arts in the Park Sponsorship leaders
